WHY MUST YOUR COMPANY USE
BROWSER-BASED UNIFIED COMMUNICATIONS?

MORE BUSINESS
UP TO + 52%
MORE SALES VIA WEB

Only Wildix allows web visitors to call you, text or video chat, share documents, and more directly from your website. **WebRTC KITE integrates the PBX with your website:** you'll never miss a call.

MORE EFFICIENCY
UP TO -25%
SAVED TIME IN DAILY OPERATIONS

Wildix is the first totally web-based solution and is also **mobile first: the Wildix App** works on **any smartphone operating system,** wherever you are supported by an internet connection.

SECURE-BY-DESIGN
100% SECURITY WITH NO FURTHER APPLICATIONS

Traditional PBXs and UC&Cs require **the addition of SBC and VPN infrastructures** to work remotely.

Wildix is secure-by-design: no need for SBCs or VPNs. **Voice and data are always protected** thanks to the native encryption system.

TEMPUR®

"

...One of the company's benefits is Wildix being the innovative it company, open and transversal, not just another telephony company. This allowed us to create the real synergy with Wildix.

Alessio Porcellati
IT Manager, TEMPUR Italia

Q8 Oils

"

...The practical benefits of VoIP and unified communications are evident, but we have also done the cost-benefit analysis. According to the forecasts, in just two years, the investment will be fully amortized, thus in a short time we will have a net saving.

Roberto Raggi
IT Manager, CONQORD OIL
